

The Word of God to the King Michael (Excerpt)

Peace and blessing to the apostles of the Word, Who speaks from heaven over Romania, for the river of life flows from God into the midst of Romania, the river of life, which it is written in the Scriptures about and of which the new creature will take and drink, which will be new by those that are coming down from God's throne as it was prophesied ahead of time by the prophets.

... Behold, I cry, I cry My pain. This is what God is speaking from the heavenly ones to you, My beloved, for it is written that it is the time to stand up and sprinkle a heavenly salt over the blessed and chosen one for the nations of the world. I spoke and I sent to you My speech and then I worked as I spoke. I spoke here, at the manger of the heavenly word, and I spoke ahead of time that you would step on the land of your country after one year will have been passed since the falling of the red beast head; and if I spoke I was also a doer. I came then by word and I told you that I would come into your way through My church; and if I spoke, I fulfilled My promise, but I came into your way through those that have salt in them, for this is what I said to My disciple: «*You are the salt of the earth.*» So I said then as well to those who were walking with Me and like Me, and this is also now with those who have kept the saltiness of that time, but few, very few still have salt in them, and My church (*Romanian Orthodox Church, r.n.*) is trampling My messengers and My prophets, and is trampling over holiness and is crashing into it, for My church has forgot how God is, it has forgot justice and has put it aside and has been serving without faith and without fear over those which are holy and frightening since age and to age, and here, the salt lost its strength, My love. My creature asks for death, asks for fire and does not know what is doing, for it has no longer had a righteous ruler and there is no more the one to show the way and tell: «*Here is the way!*» and My creature to follow the one who is walking on the way.
