The Word of God to His chosen one, Irineu (Excerpt)

… The heaven looks down to see how the sheep, consumed with thirst, asks for water. Multitudes of sheep took and knew the taste of My heavenly well, then when I took and poured out over the shepherds. Multitudes of sheep knew Me, took, drank, caught spirit of life, and took the road to the spring, and I want to pour out from heaven to open their mouth to drink and to be able to stand up. I have been working at this little path for forty years; for forty years I have been taking stone by stone and paving this path of glory on which I have been coming down in the valley of the sheep. I have always come down for I am the One Who gave My life for the sheep, and I don't want to stay without sheep. I want to call them all, to bring them together, to water them and to graze them, and I will announce by those who stand at the mouth of My spring so that they may take and share My voice and My word to the sheep, for I do not want to find only sour grapes in My vineyard of today. I want to come out to warm up My vineyard of today with heavenly sun and blessed rain for the bound grapes to ripen and so that I may come and gather My vineyard and to be able to stand into the midst of My vineyard. However, My vineyard in Romanian does not know what has happened to you, son sent by Me. It does not know where you are, how you are and what you do. A whole week I have kept My flock awake and waiting while you were standing for Me before the bishops and scribes. This man who troubles My plans is the messenger of those who are sealed in the work of the spirit of falsehood (Sorin Dumitrescu, r.n.), for they were panicked before he truth of the new Jerusalem on earth. My Romania knew and waited. It is a long time since I prophesied the mystery of the New Jerusalem and the crowds knew that this work would come out. I was giving Myself over to thousands of sides and I came to set power, faith and love over to you, and I was working and the fruit of the New Jerusalem was at work and boiling and you were set by Me. Nevertheless, the spirit of falsehood appeared and devised damage and unbelief, and came into the man and manipulated him to sow the spirit of error and fog over the light of My truth that struggles to overcome the unbelief. And what do you say that I am going to do with this lucifer? This man is the messenger of those who are sealed in the work of the spirit of falsehood, for they have fear before the truth of the New Jerusalem on the earth.

Those, who are in the ranks of the opposing work, are people of empty glory, they are the kings of the earth, the scribes of the earth, the bishops of the earth, and they have their own bunch of human glory and signed an agreement with the kingdom of the earth, and have order to fight against the kingdom that sprang out of faith on earth, for the pride and the man's haughtiness is the empty glory, which comes from the work of the darkness, as humility, and love comes from the work of the light. The people of the haughtiness and the pride of the earth are lucifers of the earth and are not of the heaven, but the humble and working people for cleanness belong to the Holy Spirit and are Lucifers *(Adonis, tr.n.)* of the eternal light.

Behold, there have come a multitude of hearts in front of this garden, and from time to time the spies sent by the bishops go on the prowl, and they are clothed in robes of church servants and prove themselves to be the sons of unbelief in this time. If one of the church servant is clean in his heart and life and with respect to God's law, such a man is not taken by surprise by the Lord's work; a man like that does not work opposition in any way and against anyone; such a man is not afraid and does not use inquisitiveness. That one stays in God and receives the miracles working from heaven and he receives God through God's people.

This work of word coming down from heaven is a breach through the darkness; it is a window by which God's light and the cleansing Sprit of God come, but those who are dust are afraid of this light.
