

The Word of God at the feast of the birth of the Saint John, the Baptizer
(Excerpt)

My word comes before Me as John went before Me and prepared My way. John came as a result of Zacharias and Elisabeth's prayer and he is the fruit of the prayer, and there was joy and many rejoiced over his birth, and he was great before Me, and he drank neither wine nor strong drink, and he was filled with the Holy Spirit even from the womb of his mother to be born great and to turn Israel to God. However, in your days, My people of today, the preparation for My coming is great, because I clean My threshing floor and I gather My wheat into the barn, and I burn within an unquenchable fire both the chaff and empty grain.

The book with seven seals was opened, and My word has taken the power and strength to reign, **and when I opened the sixth seal, the sun became black as sackcloth made of hair, and the whole moon became as blood and the stars of the sky fell to the earth, and the sky was removed and everything was moved from its place, and the great one of the earth hid themselves in the mountains for fear of God's wrath.** (See also *Apoc: 6/12-17*) No one on earth knows to set down to their places and in their times the words of the Scriptures, but they come true at the right time and the man does not know where do all come from in their good time, because when the sixth seal of the book was opened, the sun became dark and as sackcloth made of hair. The sun has turned evil with the man and the man does not understand this. **No one understands what the sun, the moon and the stars are¹,** and the man has become filled with the scientific man's lie, who has said everything he wanted about the sun, the moon and the stars, and that is why the sun became as dark as sackcloth made of hair. **And what does this word of the Scripture mean?** Oh, the sun has become an enemy to the man, sons. There has never been greater emptiness among people as in these days. There has never been a greater lie and wandering away as in these days. The science man has blasphemed God and he has lied to the man, and the sun became as dark as sackcloth made of hair and it bites the man of falsehood. The sun strikes in the people's bodies and the people do not understand that they have nowhere to hide from God's wrath. It is in vain that they flee into the mountains and into the caves, for the earth is Mine, but the people do not understand this, and the sun became angry with the man and the man does not understand the Scripture. There is great debauchery under the sun; there is great nakedness. The man, however, has taken great boldness under My eyes and the sun has made itself teeth and has taken its revenge against people, and the people do not understand the words of the Scriptures. The sun bites the people, and the people have nowhere to hide from this wrath. Whoever wants to hide, that one can hide only under My mantle, because I have become the word of protection for those who are faithful and clean within their hearts, for those who love God on earth.

¹ Regarding the significance of the sun, moon and stars, see Genesis: 37/9-10. Today: the sun is head of the church - the Patriarch (or Pope of Rome for Catholics), moon, those dealing with domestic issues, community – that priests and our brothers are stars falling (spades) from the kingdom of heaven, r.n.
