The Word of God

… I gave permission to have radio appliances and I find Christians at matches. *(Soccer and other "sports", r.n.)* Forbidden! It is forbidden, Christian, to watch matches! I do not go to the matches and no one is allowed to. Who dared went wrong and on passing away from this life, those black (devils) who made matches, take them and put them into the hell. What is that a *"match"*? This is something that was not in the time of your forefathers and ancestors. Beware of this word, *"match"*. Beware of trick. This is the greatest idol in your times.
