The Word of God

… However, if you seek and try to see this word, you will go wrong. To see it is a wonderful thing about the Lord Jesus. **He is descending in the time from the end, not seen, but heard.** If you say that He is in the mountain and look for Him, you will not find Him. If you look for Him in this body, you will not find Him, because just as you see your own body in a vessel and look for it by pouring out the water, you will not find it and you go wrong. But believe My words, for they are true.

… It is written into the book that you can get healed into the little church of every kind of bodily or spiritual sickness, or that you can get burned from soles to crown. **Get hold of candles for Saturday, so that you may not buy them on Sundays and in this way to break the law.** (*Let it not be handled with money on Sunday, r.n.*).

… We still have another step to make and the cross will be put on your head. **If you have the sign, nothing will touch you, but pray to God to have the sign on your head.** Do not yield to your members; do not let the lusts overcome you!
