The Word of God

Oh, Daniel son, I am very angry! I am sorry that I came from heaven on earth. I am sorry for what I did. I am deeply sorry because man who is created by the Lord, in everything is made by the Lord. I am sorry that I gave him my secret. I am sorry that I gave him my image. I am sorry that I made him and I blew him Spirit out of my Spirit to be holy on earth, and today the unclean spirits are playing with the man whom God sanctified in everything. I made him with a holy image, with a holy body, with a holy word. He is not like animals on four legs and with voice like that of animals, but I made him special. And behold, sons, that man departed from the Lord, he blasphemes and hates and slanders Him. But you need to know Daniel son that what happened to Sodom and Gomorrah and what happened with the world at the time of the Flood, the same it will happen with this world too.
