The Word of God

… **I gave permission to have radio appliances and I find Christians at matches.** (*Soccer and other "sports", r.n.*) Forbidden! It is forbidden, Christian, to watch matches! I do not go to the matches and no one is allowed to. Who dared went wrong and on passing away from this life, those black (*devils*) who made matches, take them and put them into the hell. What is that a *"match"?* This is something that was not in the time of your forefathers and ancestors. Beware of this word, *"match".* Beware of trick. **This is the greatest idol in your times.**
